

STANDARD OPERATING PROCEDURE 2.3

PROCEDURE TITLE: Community School Contract Modification Process

Department: Legal Department

Proposed by: General Counsel

Effective Date: 10/01/2013

PURPOSE

The COMMUNITY SCHOOL CONTRACT MODIFICATION PROCESS ensures that any modification to the community school contract recognizes new and better ways to serve students or improve school operations. Contract modifications should always be developed with the goal of increasing the rigor of academic, financial or operational performance. Additionally, contracts and school data will be reviewed based on incorporating changes in federal or state law and changes to Ohio's accountability system to determine the need for contract modifications to the contract template or contract performance measures in conjunction with the CONTRACT REVIEW AND UPDATES PROCESS. Based on best practices provided by NACSA, the contract will be reflective of the School's program(s) at all times with a commitment to growth and progress in all aspects of school operations. The COMMUNITY SCHOOL CONTRACT MODIFICATION PROCESS applies to all staff involved in contract negotiation and management.

SCOPE

The COMMUNITY SCHOOL CONTRACT MODIFICATION PROCESS will encompass all modifications to any community school contract between St. Aloysius and its sponsored schools. This process applies to all staff who are involved with contract modifications. Requests for modifications will be considered during any year of the Charter.

PROCEDURE

1. The COMMUNITY SCHOOL CONTRACT MODIFICATION PROCESS begins with notification of intent to modify the contract or an informal request for

modification by either the school's governing authority chair, governing authority legal counsel, operator (collectively "school") or CSS. The Legal Department shall update the contract modification monitoring spreadsheet.

2. If necessary, upon receipt of a request for modification from a school or CSS staff member, the Legal Department will clarify the details of the request for modification with the school, within five (5) business days.
3. The Legal Department will review the guidance provided by the Department of Education & Workforce (DEW) concerning contract modifications.
4. The Legal Department will contact the requestor and advise of all supporting documentation required for the modification, including, but not limited to, a signed governing authority resolution or signed minutes. Additionally, the requestor will be advised that no community school contract modification should be implemented prior to completion of the modification process.
5. The Legal Department shall send the requested modification and any supporting documentation to the appropriate CSS staff member or department for review.
6. Upon review and approval by appropriate staff or department, the Legal Department shall execute the community school modification by updating applicable charter sections and/or attachments.
7. The Legal Department shall submit the modification to the Department of Education & Workforce via Epicenter.
8. If the contract modification includes any of the items below, a new comprehensive plan, including resolution, shall be required:
 - a. The process by which the governing authority of the school will be selected in the future (this is typically found in bylaws and/or code of regulations);
 - b. The management and administration of the school (this is typically the management agreement OR a description of how the day-to-day operations of the school will be ran);
 - c. If the school is a conversion school, arrangements for current public school students who choose not to attend the converted school and for teachers who choose not to teach in the school or building after conversion (this is rare, please see General Counsel with questions);
 - d. The instructional program and educational philosophy of the school (this is typically in the education plan); AND
 - e. Internal financial controls of the school.
9. The Legal Department shall provide the school with a new comprehensive plan and resolution to be approved and executed at the next board meeting.
10. The Legal Department will save the modification and the new comprehensive plan in the appropriate folder.
